

ALFRIN VENTURES HUB

Welcome to Franco-Indian collaboratory

An Academia for Skill Development and an Innovation Lab for Product & Service prototype creation, combined to form a Franco-Indian business cluster of excellence - ALFRIN HUB offers our members from France – SMEs, R&D labs and Training centres, a unique integrated ecosystem of resources and collaboration opportunities to develop Joint-ventures with qualified entrepreneurs and SMEs in India who are looking for international partners with key technologies, intellectual property, deep business expertise, new products and services and the experience in deploying them.

**SAY OUI
TO FRANCE**

**SAY OUI
TO INNOVATION**

France's Sectors of Excellence that we represent:

- Beauty & Wellness
- Healthcare
- Hospitality

ACADEMIA for Skilling

In collaboration with our member-french institutes and training centres, ALFRIN Academia offers a whole career path of programs to develop basic and specialised skills in the selected sectors of excellence for Joint-Ventures.

INCUBATOR for Project Development

An innovation lab. A business Incubator. ALFRIN HUB is a collaborative platform within which the Franco-Indian Academia and SME business partners can communicate, share and create prototypes of their JV projects and test them thro' the Observatory before launching the project.

CLUSTER for Joint-Venturing

A Franco-Indian centre of excellence whose main objective is the creation of an economic cluster in India that will act as a showcase for the Joint-Venture projects created between the French and Indian SMEs.
